

School report – 2023

### **St. Mary's convent School. H Malligere, Mandya**

St. Mary's Convent School, H. Malligere, Mandya,

Starting a mission station in Karnataka was in the mind of the FSLG Sisters. Rev. Sr. Mercy, the superior general sought permission from Rt. Rev. Thomas Vazhapalli the Bishop of Mysore.

Once, this place, where you see this beautiful building and sprawling lawns, was filled with big boulders and huge rocks. However, Sister Pushpa and Sister Mercy selected this place to build this School with a vision to promote quality education for the children of this remote area.

A decade has seen the school growing room strength to strength and proportionately the infrastructure was added year after year. Today we have sufficient classrooms, well equipped laboratories, computer labs for digital education and CCTV cameras installed in classrooms and common places.

We have formed small clusters of students for organizing co – curricular activities like Abacus, Dance, Yoga, MUSIC, and Karate along with their academic pursuits.

Participation of our students in the Kabaddi tournament held at Bangalore was a good exposure. We also conducted a rally in the village B. Hosur to mark the occasion of Independence Day.

Achieving 100% result from the beginning of our student's appearance to the ICSE Board exam from the year 2019 – 2022, has been the highlight of our academic achievement.

The list of achievements and accolades will increase year after year, making St. Mary's school a premiere institution in this area. Towards this, dear parents, we seek your continued support and collaboration which in turn will benefit your children transforming them into well-developed personalities and productive citizens.
